Subject: RE: My tax dollars being stolen

Disclose it ALL

Nice and easy to read

Every corporation
Every individual
Total amount
Each year for the last 30 years
No exclusions for anyone or any corporation

We are all constantly lectured about how we are takers and not givers
Well let us see who the REAL takers are
Let us see all the corporations who are actually on Government Welfare
Keeping this information secret proves that we do not live in a democracy
It is a plutocracy
