Subject: project 19-20E

Dear Sirs and Madam:

I understand that there is a public comment time frame for project 19-20E. Please communicate to the board I want disclosure of all state and local subsidies to businesses, that I want the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I would also want disclosures to cover the entire period of each deal as well as annual snapshots.

If taxpayer are required to make up the difference tax abatements create I would like to have access to the deals made by my governmental representatives so both parties can be held accountable and future deals can be judged on past performance.

Thank you for your attention to this matter.
