Subject: Project 19-20E Tax Abatement Reporting

I support the rule as proposed but would prefer a much broader one. I'd like it to include disclosure of all state and local subsidies to businesses. I'd like to see the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I'd like to see the disclosures cover the entire period of each deal as well as annual snapshots.

Since these are my tax dollars being spent, I'd like much more transparency and accountability than currently exists. Tax payers have a right to know how much corporate welfare we are supporting and who is getting it.

Sincerely,
