Director,

The proposed rule requiring state and local governments to disclose the total amount of property tax and some other abatements in any year is extremely weak but opens the door slightly to let in a narrow ray of light.

I want disclosure of all state and local subsidies to businesses. I want the recipients and their brokers to be fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I want disclosures to cover the entire period of each deal as well as annual snapshots.

Respectfully,

M Dunn
