Subject: Corporate accountability

To whom this may concern:

My name is Kelly Worthy, I am a single mother of two, a student, work part time in self employment and currently live in the Midwest.

I am writing to support the proposed rules for accounting over sight of corporations and urge those with the power to further broaden the scope of checks and balances-disclosure of all state and local subsidies to businesses, brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. Also I would like to see disclosures to cover the entire period of each deal as well as annual snapshots.
Please take this action for a better country for the people.

Sincerely,
Kelly Worthy
