Subject: Broader Tax Records, Please!

To Whom It May Concern:

I'm emailing with regards to Project 19-20E, which I think is a good start at rectifying our country's abysmal dearth of corporate tax records--but it doesn't go nearly far enough. Citizens deserve disclosure of *all* state and local subsidies to businesses, just as we deserve to have the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added (if any). Finally, we deserve disclosures to cover the entire period of each deal as well as annual snapshots. I hope you'll consider fanning this tepidly good work into real historical change.

Missing Democracy,
