Subject: Full Disclosure of Corporate Welfare

To whom it may concern,

I am writing on behalf of my support for passing, and strengthening, the proposed law to disclose any and all tax breaks to corporations in the same manner that all other taxes and subsidies are reported.

Corporations, regardless of the size, should be held accountable for paying in full their property taxes. Moreover, the manner in which these taxes, or tax "abatements", are reported should be transparent; meaning not as mere footnotes at the bottom of financial reports. The public has every right to know which companies are receiving federal or state welfare, and how much.
