Subject: Disclosure

Dear GAS Director,

I'm pretty sure most taxpayers would enjoy full disclosure on tax subsidies for corporations. My understanding is that it's up to you to make this information available. With new elected officials taking office in a short while, it would be very nice to see this information on your gasb.org website. If you feel the website is not an appropriate place for taxpayers to learn about these tax abatements, please suggest how best to obtain this information.

Thank you very much,

Robert Cooper
