Subject: Comment on Full Disclosure of Tax Subsidies

As a tax payer, I am writing in response to a call for comments. I support disclosure of all state and local subsidies to businesses, that recipients and their brokers fully identify along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I also want disclosures to cover the entire period of each deal as well as annual snapshots. It is only fair that if I must disclose my taxes, etc, that local and state subsidies and corporate benefits are also made to the public in order to increase transparency and trust in the system. Otherwise, I and many others will remain suspicious and distrustful, being held to a different standard.

Thank you,

Chase Winter
