Tell the board you want disclosure of all state and local subsidies to businesses, that you want the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. And tell the GASB that you want disclosures to cover the entire period of each deal as well as annual snapshots.

Just so I get this right I am posting the section of the article from Al Jazerra and I agree with this statement!!

Thank-you
