Subject: tax abatement disclosure proposal - comment

To whom it may concern,

Corporate welfare is a serious problem for this country. It is nothing less than institutionalized corruption.

I would like to see:

- 1) disclosure of all state and local subsidies to businesses,
- 2) recipients and their brokers of these subsidies to be fully identified along with any fees paid,
- 3) any campaign contributions by these companies and brokers
- 4) a rigorous accounting of how many jobs were added due to these subsidies
- 5) disclosures to cover the entire period of each deal as well as annual snapshots.

Thank you,
Andrew Persichetti
