Subject: Change Is So Needed

November 13, 2014

GASB Director:

I hope you will be able to enact changes so that large corporations receiving tax incentives or special political favors will be required to **fully report** exactly what they are getting and who is benefiting not only monetarily but also from job offers and business deals. Our country was once a great country of the people, by the people and for the people. Somewhere in recent years we have veered way off track. It is not right what is going on now. Our middle class is disappearing. We need your help.

In regard to **Project 19-20E**, I want to see full disclosure of all state and local subsidies to businesses. I want to see the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I want to see these disclosures covering the entire period of each deal as well as annual snapshots.

Thanks for requesting comments.

I hope you will be able to make a difference. We desperately need this change.
