Subject: Proposed State & Local Tax Disclosure Rule

Good day,

I am writing to express my support for the rule as proposed but also demand a much broader one requiring disclosure of all state and local subsidies to businesses, with the recipients and their brokers fully identified along with any fees paid, any campaign contributions by the companies and brokers and a rigorous accounting of how many jobs were added, if any. I also request that the rule require disclosures to cover the entire period of each deal as well as annual snapshots. We all deserve to know where and how our tax dollars are being spent. Transparency and accountability should a top priority.

Thank you,

Brett Reagan
