Hello,

My name is Erin Schoeneman. I am a taxpayer. I live in Baltimore, Maryland. I have the right to know what my government is doing, and if it is effective. I demand:

Disclosure of all state and local subsidies to businesses
The names of recipients of subsidies plus their brokers along with fees paid
Any campaign contributions by companies or their brokers
An accounting of how many jobs, if any, were added as a result of subsidies
And disclosures covering the entire period of each deal plus annual snapshots.

I have a right to this information.

Regards.
