Subject: TAX SUBSIDIES FULL DISCLOSURE.

All corporate subsidies should be fully disclosed tax or otherwise. How can congress even think about cutting middle and lower income programs when corporate subsidies for large high profit corporations are dished out with no accountability. The American people are this country and should not only be informed about subsidies but should be asked what their opinion is about them. I love this country but just can't believe how corrupt and underhanded many of our leaders and everyday citizens have become. PLEASE REQUIRE FULL DISCLOSURE OF ALL TAX SUBSIDIES.
